To Whom It May Concern:

RE: G & S WOODWORKING - REFERENCE

Over the years we have completed various projects with G & S Woodworking. Both the field and office staff were committed to the schedule, the budget and the quality of the final product. They were quick to respond to any items they were required to address and they were dedicated to the needs of the owners, consultants and other members of the construction team. Their performance was above average and we look forward to working with them again in the future.

Please feel free to contact me at the number below if you should have any further questions.

Yours truly,

K & L CONSTRUCTION (ONTARIO) LTD.
